A6013L

Handheld Capacitance Meter

OVERVIEW

A handheld digital capacitance meter with auto ranging for component testing and incoming inspection. Data hold, relative mode and automatic capacitor discharge are built in, with an LCD backlight for dim benches.

SPECIFICATIONS

Display	2000 counts · LCD 40 × 22 mm
Capacitance range 1	200 mV / 2 V / 20 V / 200 V / 600 V · accuracy ±(1.0 % + 10 d)
Capacitance range 2	2000 pF / 20 nF / 200 nF / 2 µF / 20 µF / 200 µF · accuracy ±(0.5 % + 5 d)
Capacitance range 3	2000 µF · accuracy ±(2.0 % + 10 d)
Capacitance range 4	20 mF · accuracy ±(4.0 % + 10 d)
Range select	Auto range
Data hold	Yes
Relative mode	Yes
Capacitance auto discharge	Yes
LCD backlight	Yes
Auto power off	Yes
Battery	6F22 9 V
Product size	140 × 70.6 × 31 mm
Product weight	200 g

Specifications are as published in the product technical data sheet. Instruments are quoted per enquiry — contact VEROMET for pricing and availability.
